(1) Permission is given the Government or any agent thereof, or any contractor therefor, to enter upon the lands and improvements hereinafter described at any time during the existing emergency in order to carry out such alterations and effect such installations thereon as may be necessary to conceal the premises from observation or to render the structure less susceptible to damage. It is understood, however, that the Government shall not change or alter the physical structure or any building or improvement on said land unless the prior consent of the owner is first obtained.

(2) The Government shall bear all costs in connection with such camouflage or the maintenance thereof, and the owner shall not be called upon to bear any cost or expense in connection therewith.

No liability whatsoever is assumed by the Government for any damage or injury to the land which may result from the failure or inadequacy of the camouflage.

(9) No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this permit or to any benefit to arise therefrom.
